A. Inter-school Sport – Sports Report....

This Friday will be the first match for the summer season of Inter-school sport. As Grade 6’s and leaders of our school you will have the opportunity to be captain of your sport team at some stage this year.

To prepare we would like you to write a sports report of your first match this week. Next Monday (16/2) you will present your report to your class.

In your report you MUST include; an introduction of yourself and which sport you played (Comets, Rockets, Meteors?), what the final result of the match was, who played well and why and what your coach said about your team’s performance.

Please do NOT include; the date of the match, sentences such as ‘I was chosen to be captain’ or ‘the scores ended up to be’, words like versed (played or competed against sound better).

This task needs to be completed in your homework book. You can either write it out neatly or type it up if you wish.

B. Maths – 3D Shapes

In the coming week, in our Maths sessions, we will begin our learning focus on 3D shapes. To prepare this we would like you to ‘Teach the Teacher’ about what you already know about 3D shapes.

To do this we would like you to prepare a slideshow on your iPad using a school app of your choice. Your slideshow should include pictures of different 3D shapes (make sure you name the shapes), explanations of what are faces, edges and vertices and any other information you know about 3D shapes.

The slideshow should be no more than 4–6 slides in length.

C. Literature Circles – Illustrator/Mapper Task

Please view the Illustrator/Mapper Task PDF and complete the task in your homework book. Your task is based on our Grade 6 shared reading text ‘Two Weeks in Grade 6’.

D. Grade 6 Quiz:

Which year levels did each member of the 2015 Grade 6 team begin teaching in?

Reminders – Showcase ‘Quality’ Homework (stay neat), Swimming Begins Tuesday February 11th, Inter-school Sport Begins Friday February 14th

Camp dates: March 16th – 20th
