A. Exposition (Discussion) Writing

**Issue Statement** – Should Grade 6 students at Apollo be allowed to bring their own devices (iPads, laptops, tablets etc) to school to support their learning?

Create three positive arguments FOR this issue and three positive arguments AGAINST this issue.

For each of your arguments you need to list three-four pieces of evidence to support them. These pieces of evidence can be written as dot points if you wish or as part of a paragraph. **REMEMBER:** You are just developing your arguments and some evidence to support them. **You are not required to write a complete discussion piece.**

B. Maths – Place Value

All Grade 6 children have begun studying Place Value this term. Use the attached PDF chart as a guide to create your own place value chart.

a) Show at least 6 numbers on your chart. (You can create them by rolling a dice, shuffling playing cards or your own way)

b) Once you have written each of your numbers into the grid you now need to write out each number in words.

c) Write your set of numbers in ascending order.

C. Reading – Short Book Report

To give your teacher and your classmates a greater understanding of the current text you are reading at home you need to complete the following questions to create a ‘short book report’.

1. What is the name of the book?
2. Who is the author?
3. When was the book published (year)?
4. Write a short review/blurb of the book. NOT THE BOOK’S ACTUAL BLURB! Your review should be no more than two paragraphs long and explain who the main character/s are and where the story takes place. **SPOILER ALERT:** Don’t give away the book’s ending

**This report can be either the current book your reading at home or a book you’ve just completed.**

D. Grade 6 Quiz:

Which members of the 2015 Grade 6 team have taught at other schools other than Apollo? How many other schools has this person taught at? **EXTRA CHALLENGE** (Optional): What school/s are they?

**Reminders** – Showcase ‘Quality’ Homework (stay neat), Swimming Continues Tuesday February 17th and Thursday February 19th, Inter-school Sport Friday February 20th

**Camp dates:** March 16th – 20th
