You are required to answer the following questions in your homework book. **Remember to use full sentences!**

1: Who was the first person ever to reach space and when did this happen?

2: Why is space dangerous for humans?

3: What were the first words ever spoken on the moon?

4: What are some of the difficulties you could imagine about living in space?

5: What are some of the reasons that you think space exploration is important? What do we still need to learn about the universe?

6: Which famous person said this quote: “We choose to go to the moon in this decade and do the other things not because they are easy but because they are hard.”

7: “Virgin Galactic is on track to become the world’s first commercial space line”

You are in charge of an international company that will be the first to deliver space flights for paying customers. You must design a brochure enticing new customers to pay the big bucks required to go on a trip like this. You could include things like the price, reviews, pictures and most importantly a line or two on why the customers should fly with you.

8: What is the only sport that has ever been played on the moon?

Remember:

We are continuing with our integrated project. This week’s focus is on the push factors of your chosen country and Australia’s pull factors. You will be working on this both in class and at home.
