REMEMBER TO READ OVER THE HOLIDAYS.

IT IS EXPECTED THAT YOU WILL STILL BE COMPLETING YOUR 30 MINS OF READING EACH DAY.

TASK 1:
Hugh Van Cylenburg is coming to visit us during Term 4. We would like you to think of a question about his work overseas and with our sports teams. Remember that his key words are: empathy, gratitude, mindfulness, ‘#dis’, flow
Think about what these words mean to you and about what you have been doing this term.
We want to impress him with our knowledge of his work, so you may need to do a little research about his work in this area.

TASK 2: MATHS - FRACTIONS
Research a game available to use on your iPad that practises your knowledge of fractions, percentages and decimals. Make sure it is a game suited to Grade 6 learning objectives.

In your books - make a note of the URL.

In your books - Write 4 sentences that describe the aim of the game and how challenging it is. Could you make your own maths game to challenge your knowledge of these concepts? Give us a brief rundown of the goals and aims of your game, how to play it and what equipment you would need. Be prepared to share your game with the grade.
You can make your game if you like.

TASK 3: SCIENCE

REFLECTION
Think about our science unit
Make 10 statements reflecting your learning during the term. This learning can be about anything ‘science’ that we have discussed during our unit ‘Energise Me’.
Make sure your comments are written in full sentences. Create a page in your homework book. Make sure it is presented neatly with any creative flair you would like to use.

TASK 4: INFORMATION REPORT WRITING

Are there any information reports that you still have uncompleted?
Make sure you have all of these completed by Friday.
